- Member Crandall noted that there is still a vehicle by the meat locker that someone seems to be staying in. He is concerned about their safety in that remote location with winter coming and it being dark earlier in the day. Deputies will check in with the individual.

4. Public Forum

b. Consider Donation Request from Clearwater Farmer’s Market

- Smythe explained the request from the farmer’s market, which had been originally presented to the EDA. Smythe learned from the city attorney that the EDA is not an eligible donor. He stated that the city council may be an eligible donor with a finding that the farmer’s market promotes the agricultural resources of the city, however, he suggested that the city’s auditor provide an opinion on the authority level to donate. Smythe has sent this question to the city auditor but has not yet received a response. Smythe did not know the amount being requested. At the EDA meeting, the farmer’s market team had noted their various costs but did not request a specific amount.
- **MOTION TO TABLE** by Lawrence until an opinion is received from the city’s auditor and a specific request is made by the organization detailing amount requested and purpose, seconded by Crandall, all voted aye. **MOTION CARRIED.**

c. Discussion of 2025 Utility Rate Study

- Smythe gave a summary of the utility study and preliminary results, indicating a need to significantly raise rates in the short term to meet operational needs and a need for a long-term plan for both the water and sewer funds. - **MOTION TO TABLE** by Lawrence, seconded by Senn, all voted aye. **MOTION CARRIED.**

 - Spent some time on items related to T.H. 24 Corridor Project.
- Engineer Kannas noted that there were some items requiring city input on the T.H. 24 project.
 - There are some questions about the proposed turn lanes into the J Cubed development area. The property was recently listed for sale. Staff are working to determine if this project is going to move ahead and whether costs can be assessed. If not, this part of the project may be dropped.
 - He provided an overview of the plan for utility casings in the CSAH 7 roundabout areas to prepare the city for future development going south or east of current city limits.
 - The city council was asked if they wanted the same style lighting in the CSAH 7 roundabouts as will be placed on the I94 bridge. Members agreed.
 - Noted that MnDOT will not allow the lighting on the bridge to have banners or holiday lighting, as this is federal right-of-way. Evidently, only U.S. flags are allowed.
